Digital Asset Report

World Liberty Financial USD1

Symbol: USD1

Report date: 2026-10-09 12:00 UTC

BitGo USD1 (USD1) is a fiat-backed stablecoin designed to maintain a 1:1 value with the U.S. dollar. Issued and managed by BitGo, USD1 enables digital payments, settlement, and liquidity management across blockchain networks. The token is fully backed by reserves held in cash and short-duration U.S. Treasury instruments, with issuance and redemption managed through a controlled mint-and-burn process. USD1 is built to support institutional use cases by combining blockchain efficiency with regulatory compliance, custody, and transparency standards.

Asset brief

BitGo USD1 (USD1) is a fiat-backed stablecoin designed to maintain a 1:1 value with the U.S. Issued and managed by BitGo, USD1 enables digital payments, settlement, and liquidity management across blockchain networks. USD1 is built to support institutional use cases by combining blockchain efficiency with regulatory compliance, custody, and transparency standards.

Token Summary

Token Category	RWAs
Tokenization Method	Direct issuance on blockchain via a centralized mint-and-burn mechanism, where tokens are created upon deposit of U.S. dollars into reserve accounts and redeemed (burned) upon withdrawal.
Use of Token	USD1 is used as a digital representation of the U.S. dollar for payments, trading, settlement, and liquidity management within digital asset markets, with transferability subject to compliance controls such as KYC/AML and sanctions screening.
Business Description	BitGo USD1 (USD1) is a fiat-backed stablecoin designed to maintain a 1:1 value with the U.S. dollar. Issued and managed by BitGo, USD1 enables digital payments, settlement, and liquidity management across blockchain networks. The token is fully backed by reserves held in cash and short-duration U.S. Treasury instruments, with issuance and redemption managed through a controlled mint-and-burn process. USD1 is built to support institutional use cases by combining blockchain efficiency with regulatory compliance, custody, and transparency standards.
